MAPLES

The beautiful old home of Capt. T. A. Elkin, situated two miles from Lancaster on the Stanford and Lancaster turnpike, will be sold at public sale,

Tuesday, June 9th,
at two o'clock.

This place contains 250 acres of productive land, 175 acres now in young grass and blue grass, 75 acres now in corn and tobacco.

THE FARM IS WELL IMPROVED, WELL FENCED,
AND WELL WATERED.

A new 10 acre tobacco barn, with galvanized roof, stock barns and all necessary out buildings.

The two story frame house is modern in convenience, contains eight rooms, metal roof, two halls, two porches, the front porch being of cement and 36 feet long, cement walks and beautiful driveway through a lawn of two acres, shaded with 100 trees, water maples, red bud maples and sugar trees. This is one of the most beautiful homes in Central Kentucky and only fifteen minutes drive from the city, with a \$40,000 Graded school.

On account of failing health and advancing age the sale of this farm is absolute. Persons from a distance desiring to look at same, will be met at train at any time, day or night, and all such persons are especially invited.

Possession given at any time and terms will be liberal to suit purchaser.

T. A. ELKIN,
LANCASTER, KY.

Saturday is Decoration Day.

Home grown strawberries are on the market.

Cut your weeds. They are both unsightly and breed disease.

All of our typhoid patients are able to be upon the streets again.

Blackberries are blooming and the indications are for a full crop.

B. F. Walter, Dentist office west side Lexington street, Lancaster Ky. pd.

The streets will be oiled, probably early next week. Who says we are not progressive?

Farmers are "plowing over" their corn, some of them, others are not yet through planting.

The burning of an outhouse at the home of Mr. F. B. Frisbie on last Friday called out the fire department.

Painting and paper hanging. Work O. K. or no pay. H. D. Elmore, Lancaster, Ky.

It was a mean burglar who stole Harry Tomlinson's "best pants" just when he had such urgent need of them.

The county Fair season is rapidly approaching and Garrard county people are saving up money to take away from home to spend.

Fishermen are reporting splendid success, however, we are compelled to be contented with reports as we have seen no fish of any consequence.

Keep in step with the progressive spirit of the community, expend a few dollars in having the street in front of your premises oiled. It is inexpensive and will afford you lots of pleasure.

NEW OFFICE.

Dr. B. F. Walter has opened up his new office on Lexington street adjoining the Lancaster Bottling plant and is now better prepared than ever before to serve his friends and patients. Give him a call.

SATURDAY A HOLIDAY.

Saturday is Decoration day. The banks will be closed, the postoffice will observe holiday hours and the rural routes will not run upon that day.

STRAWBERRY SUPPER.

The Ladies of the Methodist Church of Paint Lick will conduct a strawberry supper Saturday night, May 30th, over Fish & Hammack's store room. Admission 25 cents.

BE SURE AND COME.

There will be a game of base ball at Hyattsville Saturday afternoon at 3 o'clock, between Hyattsville and Hackley. There are some fine players on both sides and a hot contested game is expected. The Hyattsville boys have a good field on which to play with good shade, and you should go out and see these young men play.

POOR MAN'S FRIENDS.

Blackberries are blooming luxuriantly. They succeeded in holding off until the passing of all the different kinds of winter and now if the unforeseen does not happen to them, we will have a splendid crop of this luscious fruit, and everybody will have "jam" to go on their biscuit during the next winter. Incidentally sugar has advanced 40 cents per hundred in sympathy with the prospects for a good berry crop.

BUSINESS CHANGES.

Messrs Whitlock & Walker have sold their meat shop and grocery business on the north side of the public square to Messrs Howard & Aker, and possession has already been given to the new firm.

We understand that Mr. Whitlock will leave shortly for Oklahoma to reside. Roscoe Whitlock came to Lancaster several years ago from Madison county and engaged in business. He is a quiet gentlemanly young man, a good business man and splendid citizen and during his stay in Lancaster has made a host of friends who are sorry to see him leave.

HOPE THEY MAKE

A MILLION.

Reports from Tulsa Okla., are that Messrs W. I. Williams and Bob Davidson have struck a "gusher" in digging for oil, and that they have a money maker in their oil holdings, the land having been taken in as an attorneys fee, and for which they have been offered \$150,000. Not being on the scene and therefore ill qualified to offer advice on the subject, in view of the experience of some other Lancaster people in the oil business, we would respectfully suggest to the boys that they sell now "while the selling is good".

PLANTS.

I have an unlimited supply of guaranteed variety tomato plants, and will have sweet potato plants in season. Mrs. George Smith Sr.

ENTERTAINES IN HONOR OF DR. MC-MURTRY.

The beautiful home of Capt. T. A. Elkin was the scene of a delightful occasion last Friday morning when he entertained the Doctors of the town and a few intimate friends in honor of Dr. Lewis McMurtry.

A delightful buffet lunch was served while the genial Dr. and his old friends and associates reminisced, told jokes and enjoyed being together once more. Although Capt. Elkin is keeping bachelor's hall, he is managing to enjoy himself and entertain his friends as well.

ALL ROADS LEAD TO CRAB ORCHARD NOW.

Crab Orchard is pre-eminently the leading summer resort of the state, leading because all roads lead to it at this time of the year, leading because you have set before you a tempting array of the delectable things to eat that thoroughly satisfies the inner man, leading because the genial hosts, "Pa and Ma Willis", conduct the springs in such a way as to elicit the admiration of all. The hotel and grounds have been put in the best of condition, carpenters, painters and white washers have been busy for weeks. Because of their ability to always feed and house large crowds, because of their ability to always draw delightful people together, Crab Orchard has grown steadily in popular favor and this year ten new rooms have been furnished, "Pa and Ma" are as ready and anxious as ever to serve and please the public and we predict this will be their banner season.

ODD FELLOWS WILL

MAKE MERRY.

The local lodge of Odd Fellows will make merry on next Saturday night in their lodge room with supper for the members and their families. The pass word will be taken at the door and this means that only members in good standing will be eligible for admittance. However, the members will bring their families and those who have no families may bring their sweethearts. There will be an abundance of good things to eat as these people never do things by halves.

On Sunday afternoon this lodge will decorate the graves of their departed brothers. They will meet in their lodge room at 2:30 o'clock and march in a body to the cemetery. All brothers who can do so are requested to bring flowers.

CHAS POINDEXTER PUTS THE "DRAW" IN HYDRAULIC.

Mr Charles Poindexter, a man of many mechanical accomplishments and a clever gentleman, has capped the climax of his many accomplishments by putting the draw in hydraulic and then putting the entire outfit to a practical use. Mr. Poindexter has recently installed upon the farm of Mr. William McKee near Marcellus, a system of water works which surpasses anything of the kind in this part of the country. He has placed at a large spring on the premises a Hydraulic Ram, which elevates the water to a height of 300 feet and distributes it over the entire farm of some 300 acres, with sufficient force for all ordinary purposes. Mr McKee has the water supply distributed over his entire premises including bath room, etc., at his dwelling and throughout the various fields on the farm.

A WORD TO LANCASTER BASE BALL PLAYERS.

Paint Lick, Kirksville, White's Station, Silver Creek and Point Leavell, desire to form a Base Ball League and are very anxious that Lancaster place a team in the league.

Now boys you may consider these small places a little too insignificant for you to go up against, you may be seeking what you consider larger game, but just you tackle any one of these teams and we will venture to say that you will get the conceit taken out of you. The people of the upper section of the county are greatly interested in this matter and are patronizing the Saturday afternoon games liberally, the grounds are close and no hard drives are to be made, you will receive courteous treatment and would derive considerable pleasure from joining this league, and we would not consider it at all beneath your dignity to become a member. Remember "better a large fish in a small pond than a small fish in a large one", and we are not so sure you would be the big fish either. Send a representative to Point Leavell Saturday afternoon authorized to do business and consult with them.

CARD OF THANKS.

I take this opportunity of thanking the people for their valuable assistance which they rendered me during my illness. I feel that I owe them a debt of gratitude which I can never fully pay.

GOV. MC-CREARY SPEAKS TO A LARGE AND ATTENTIVE AUDIENCE.

Gov. McCreary presented his claims to the democracy of Garrard county at the court house Monday. He was greeted by a large audience and was accorded the very best of attention, speaking for nearly two hours and holding the attention of his hearers until the conclusion of his remarks.

Gov. McCreary has many friends in Garrard and there is a kindly feeling throughout the county for him. He arrived here Sunday afternoon and spent the night at the Kengarlan and a constant stream of visitors called upon him during the stay, and everyone felt it their duty to make the sojourn of our Chief Executive a pleasant one.

STREETS IN BUSINESS SECTION TO BE

OILED AT ONCE.

Following a recent suggestion of the Record, the streets of Lancaster are to be oiled. The oil has been ordered and is expected the latter part of this week and the work of putting it on the streets will begin immediately upon its arrival. The Square will be oiled and each street down to the first cross street, the city bearing half the expense, the remainder being paid by private subscriptions of the property owners. A car load of oil has been ordered, and if there be any left, which there doubtless will, it will be furnished to the citizens at cost, about seven cents per gallon, which together with the cost of putting it on will not amount to much, and taking into consideration the great amount of comfort it affords will be money well spent.

Many citizens all over town have indicated their intention of oiling and we expect to see each street oiled in the uptown district. This will mean great lessening of the draft on the water works, as it will not be necessary to sprinkle after the streets are oiled and the water used at present for sprinkling far exceeds that used for all other purposes combined.

Lancaster is nothing if not progressive, and we have some neighboring towns far more pretentious who would do well to emulate the example set them. Our people rise heroically to all occasions, be it great or small. If streets need oiling, they are quickly ready, each one to come up with his part, or if it be the greater undertaking of building a hotel to replace one burned, they are equally as ready to give of their means to bridge the difficulty.

BOLD BURGLAR "GOES DOWN THE LINE"

On Richmond Street.

Lancaster people have been congratulating themselves upon being free from the intrusions of burglars who have been plying their calling in neighboring towns, but "he who laughs last laughs best", and one, or maybe more, who knows, swooped down on Lancaster and literally "mopped up". The residences of Mr. R. H. Tomlinson, Judge Ford, Mr. Long, Mayor Davidson, Mr. Romans and others came in for his attention, and from the diversity of articles taken the intruders intended equipping themselves for living during the remainder of the summer. At each place their efforts seemed to have first been turned toward securing what cash was in the house, and after that clothing, eatables and anything of value was taken. At the home of Mr. J. E. Stormes, which was also among those visited, Mrs. Stormes' pocket book containing a small amount of money was all that was secured; at the home of Mr. Long they secured his pocket book containing a few dollars, at Judge Ford's they took the Judge's pants from the head of his bed where he was asleep, took them into the dining room and abstracted the pocket book, searched a bond box which was sitting in his room, secured Lige's pants and left for Mr. Tomlinson's next door, here they took Miss Annell's pocket book containing \$5. Mr. Tomlinson's pocket book, contents unknown, Harry's pocket book containing about \$18, and the heaviest blow of all, made way with the latter gentlemen's best suit which he had just bought for an especial occasion, just what the occasion was we are not at liberty to state. At Mayor Davidson's they succeeded in getting into the kitchen and pantry where they evidently appeased their hunger, but were unable to get into the remainder of the house.

No clew to the burglars have been found. A Wild West show was exhibiting in that part of the city that evening, and it is the theory of many that the thief or thieves was with the show, however this is merely supposition, and no one has an idea who the thief really was.

RHEUMATISM AND BRIGHT'S DISEASE Prof. Budlong Was Quickly Relieved Of Both Afflictions by Using Rheuma.

If you suffer from any form of Rheumatism, remember that RHEUMA goes to work quickly to remove the cause, not simply to relieve the distress. Many years' use has demonstrated that it goes to the seat of the disease and expels the poisonous matter through the natural channels—the kidneys, bowels, liver and skin.

"For many years I was troubled with Rheumatism, also with Bright's Disease of the Kidneys. I suffered awfully. Tried many advertised remedies. After using your truly remarkable preparation RHEUMA, I was fully cured."—Prof. C. J. Budlong, Sound View, Conn.

RHEUMA is guaranteed by R. E. McRoberts who sells it for 50c a bottle.

BUENA VISTA (Delayed Letter.)

Brice Sechrest was in Lancaster Tuesday on business.

Mr. and Mrs. J. B. Ruble were visitors in Danville Monday.

Miss Belle Hill visited her son in Danville the first of the week.

Miss Taylor spent Sunday with her friend Walker Poore of Wilmore.

Mr. Daw Askins and sister visited relatives in Wilmore part of last week.

Messrs. R. L. Ekin and Hughes of Lancaster were here on business Friday.

Mrs. Belle Poore of Wilmore visited friends and attended church here Sunday.

Miss Flora Ruble has returned to her home in Jessamine Co after a pleasant visit here.

Clay Hamilton Jr., of Lancaster is visiting his grand-mother Mrs. M. A. Hamilton.

Miss Florence Christopher was the guest of friends in Lancaster the first of the week.

Miss Horn has returned to her home near Harrodsburg after teaching here the past school term.

Mrs. H. S. Christopher was called to Lexington Saturday by the illness of her brother Mr. McConn.

Mr. and Mrs. Harris of Louisville were here this week in interest of the Children's Home at that place.

Mrs. I. D. Hacker and little daughter left Wednesday to spend part of their vacation with relatives at Berea.

Mr. L. H. Ruble and family and Miss Horn spent Saturday and Sunday with Mr. J. W. Munday and family of Georgetown.

Mr. John L. Christopher of Lexington spent from Saturday until Monday with Mr. J. T. Christopher and J. E. Scott and family.

Prof. I. D. Hacker left Monday for Eastern Normal resuming his duties as student again after a successful term as principal of the High and Graded School here.

Mr. George Treadway spent Wednesday in Richmond.

Prof. G. L. Waterbury of Union City, was a visitor here the past week.

There will be services at the Christian church on the first Sunday in June.

Miss Agnes Henderson came Saturday to be the guest of Mrs. A. B. Estridge.

Miss Mattie Cabel Woods is at home for the vacation from Madison Institute at Richmond.

Mr. George Treadway spent several days at his farm in the Buena Vista section this week.

Mr. and Mrs. R. G. Woods and children motored to Russell Springs on Friday to spend several days.

Mr. and Mrs. Dan Burchell entertained Prof. and Mrs. R. A. London at a lovely 6 o'clock dinner on Monday evening.

The Baptists have purchased of Mr. Walter Hammack his beautiful home on the northern end of town for a parsonage.

Misses Crutcher and Ratcliffe of the Richmond Normal spent the week-end as the guests of Miss Stella McWhorter at her beautiful country home.

There will be preaching at New Hope church on Sunday morning at 11 o'clock by Rev. W. M. Eldridge. At this time the sacrament of the Lord's Supper will be administered also.

Quite a number came out to witness the performance of the "I. X. L. Ranch Co" on Friday afternoon and evening. Altho a small company they gave a very creditable performance.

Miss Eliza Rucker was hostess at a dining on Monday. Those who enjoyed Miss Rucker's hospitality were Mrs. Garnett Kemper of Lexington, Miss Agnes Henderson, Mrs. Patrick and daughter Miss Hazel.

Prof. and Mrs. R. A. London left this week for Henderson, Ky., where they will spend the summer. We regret giving up these estimable people and many good wishes go with them in their future home.

On Thursday evening Mrs. A. B. Estridge was hostess at a well appointed 6 o'clock dinner in honor of the teachers of the High School. Those present were Misses Johnson, Tindler, Hendren, Anderson, Mrs. Garnett Kemper of Lexington, Messrs Sam Denny and Con Asher.

Little Miss Geneva Logsdon suffered what might have been a serious accident on last Thursday morning when the family horse kicked at her as she ran past him striking her in the forehead with his hoof. She was badly bruised but the many friends of the little lady are delighted to know she escaped so lightly.

The past week witnessed the closing exercises of Paint Lick's Consolidated School, and seldom have we had so much pleasure in so short a time. On Wednesday morning a goodly crowd assembled in the school auditorium to witness the dramatizing of "Cinderella" by the pupils of Miss Tindler's room while on Wednesday evening all the well loved characters of Mother Goose once more came to life in the persons

of the little folks in Miss Hendren's grades when they gave "The Enchanted Wood" to the public. On both occasions each little tot performed his or her part with the ease that would have done credit to older heads and each showed the patient, careful training that had been given them by their teachers.

Thursday evening the pupils of the High School presented the play "Tommy's Wife" to an enthusiastic audience. We feel sure that the public will justify us in saying it was one of the best plays produced by local talent we have ever seen and we wish we had time and space to give here a mention to each of the members of this little company.

Finding that the school auditorium was too small to comfortably hold the large audience that had been gathering each day to the various entertainments, it was decided that the graduating exercises on Friday evening should be held in the town square. As this was the first graduating class from the High School since the past was left by every one and the square was taken to make the occasion something to be remembered, higher honors were presented to the three graduates, Messrs. C. H. Rucker, E. H. Tindler and Mr. Stephen Todd, each of whom read themes that were a credit to themselves and their teachers. The graduates were also presented to a large class who had graduated from the Common School. Delightful music was rendered by Mrs. Margaret Anderson and little Miss Cotton and a solo by Miss Beagle of the Lancaster Baptist church gave the address to the graduates on "Life's Ideals," a stirring address that interested and held the large audience, and thus closed the first commencement of the Paint Lick High School, one of which patrons, pupils and teachers should feel justly proud. This school is a splendid institution and with the hearty cooperation of the entire community it will prove a power for good and a blessing.

To the regret of a host of friends Prof. London and Miss Tindler will not be with us next week. Prof. G. L. Waterbury, who has charge of the school last year, has been elected principal to succeed Prof. London. Miss Tindler's place will not again be filled as yet, but Messrs. Johnson and Hendren have their same positions.

STRAIGHTFORWARD TESTIMONY. Many Lancaster Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments—are endorsed by over 30,000 people. Your neighbors recommend this remedy—have proved its merit in many tests. Lancaster readers should take fresh courage in the straightforward testimony of a Lancaster citizen.

W. M. Zanone, Campbell and Crab Orchard Sts., Lancaster Ky., says: "My kidneys were disordered and the kidney secretions were irregular in passage and contained sediment. I had pains in my back and sides and when I stooped, I had difficulty in straightening. Finally, I used Doan's Kidney Pills and they relieved me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Zanone had. Foster-Milburn Co., Props., Buffalo, N. Y.

C. H. Rucker, E. H. Tindler and Mr. Stephen Todd, each of whom read themes that were a credit to themselves and their teachers. The graduates were also presented to a large class who had graduated from the Common School. Delightful music was rendered by Mrs. Margaret Anderson and little Miss Cotton and a solo by Miss Beagle of the Lancaster Baptist church gave the address to the graduates on "Life's Ideals," a stirring address that interested and held the large audience, and thus closed the first commencement of the Paint Lick High School, one of which patrons, pupils and teachers should feel justly proud. This school is a splendid institution and with the hearty cooperation of the entire community it will prove a power for good and a blessing.

To the regret of a host of friends Prof. London and Miss Tindler will not be with us next week. Prof. G. L. Waterbury, who has charge of the school last year, has been elected principal to succeed Prof. London. Miss Tindler's place will not again be filled as yet, but Messrs. Johnson and Hendren have their same positions.

One of the Attractions at Our Forthcoming Chautauqua

AMERICAN QUARTET AND CLAYTON CONRAD, CARTOONIST.

THE program of the American Quartet and Clayton Conrad, cartoonist, will consist of both vocal and instrumental music, interspersed with cartoons—just such a program as Chautauqua audiences delight in. The instrumental music will be presented by three members of the quartet on the violin, cello and piano.

Mr. Clayton Conrad features speech in drawing his pictures. His experience in newspaper cartoon and commercial art work, combined with fine ideas of color, fit him well for the position he holds with this company. The pictures he draws in color are original and are new ideas presented in a novel way. He uses two easels. Mr. Conrad has made a special study of coloring, and the results he obtains in a few moments with crayons are truly wonderful.

The cartoons and caricatures he draws are of the highest order of fun and are bound to make you laugh and cause you to forget your worries and care. When you hear Mr. Conrad read and picture "The Old Red Cradle" you will be convinced that he can also be serious. This number was given so effectively at Williamston, Mich., that a return date was booked on condition that this selection was to be repeated.

BEST TIME OF ALL THE YEAR CHAUTAUQUA

The Bolander Orchestra, a Feature of Our Forthcoming Chautauqua Program

THE Bolander Orchestra will soon begin its fifth year as a musical organization. The members of this company are all born musicians. Their father, John A. Bolander, is a violin maker. While mere children, they all began to play musical instruments. Adeline Bolander, at the age of seven years, used a half sized violin to play in public at recitals.

This orchestra presents both vocal and instrumental music. The instrumental work, however, is emphasized most strongly. In their program members of this company arrange themselves first into a brass and string orchestra and later into an all string orchestra.

They render such selections as the Sextette from "Lucia," the "Poet and Peasant" by Verdi, "Orpheus" from Offenbach, "The Bohemian Girl" by Balfe and a string number "Humoresque" by Dvorak. A feature of each program is the work of the drummer, Miss Alice Bolander. In addition to the drum, she operates the sleigh bells, canary whistle, locomotive whistle, a school bell, a Chinese block, a triangle, castanets, crash cymbal, orchestra bells, rackets, sliding steamboat whistle, a cyclone whistle, a duck quack, a rooster crow and a tambourine.

INDIANA SILO

THAT patented joint has revolutionized the whole business of building silos by making it possible to construct a perfectly solid stavesilo of any desired height. When put together with a little white lead at these joints, a two-piece stave is as good as if it were made of one-piece staves, and very much less expensive. There is no metal at these joints to become corroded by the acids and no outside moisture can collect in them to rot the wood. This joint adds years to the life of your silo and many dollars to its value.

We have a plan by which you can own an Indiana Silo and let it pay for itself out of what it saves for you on next winter's feed bills. Give us a chance to explain it to you.

Not was it always necessary to go out to look for aid, when times were hard, was the winter blast, was chilling and the snow that the poor were having a hard time to keep the wolf from the door, his thoughts ever turned to the needy poor in his old home, and singing out a favored few, most times several worthy old colored people who for long had profited from his bounty, and specifying that they especially should be cared for; he would send her a check for a liberal amount to be dispensed for the relief of suffering and distress. Such a man was Senator Bradley, kind hearted to a fault, thoroughly unselfish where those he employed were involved, his greatest delight was in doing some service for them.

His death is a nation-wide calamity to the persons of note from all over the country who attended his funeral, as testified to this fact, but aside from the grief of his own immediate family there was more genuine sorrow felt here among those who knew his best and loved him, than anywhere else. There are those here in Lancaster who perhaps were not presentable to attend the funeral, whose grief was far more poignant than that of many who traveled hundreds of miles to be in attendance. Those who have known him long and well, have partaken of his bounty, and who realize that in his death they have lost a friend who could ever and under all circumstances be depended on to aid and assist them, as he will with forever, are ever lovingly cherishing his memory.

Whooping Cough.
 "About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued the treatment and was surprised to find that it cured the disease in a very short time," write Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by all dealers.

Lancaster has long been in serious need of some concerted method of looking after the systematic dispensation of charity, and through the Salvation Army seems a very logical disposition of the matter. In the event an officer was stationed here, all charity would be dispensed through him, of course being subject to the supervision of the Mayor. He would look care-fully after the needy and deserving poor, making personal visits to those reported as being in distress, beggar-coming to your door would be sent to and cared for by him and the expense of maintaining an outpost would be far less than the general dispensation of alms which is now in vogue in the city. The Salvation Army is doing untold good throughout the world, and every year they are coming to be recognized more and more as a power for good wherever they chance to be, and are meeting with the hearty cooperation of all classes of people, and should be con-cluded to locate in Lancaster. They will in all probability meet with the hearty welcome and the liberal help and support which they so richly de-serve.

Says Attorney General Logan,

If the opinion of Assistant Attorney General M. M. Logan is correct, and it is reasonable to suppose that it is, because of the fact that he wrote the law providing for the election of U. S. Senators by popular vote, there must not only be two U. S. Senators elected from this state next November, but there must also be two nominated at the coming August primary.

"Under our Constitution when an office becomes vacant ninety days before an election the vacancy must be filled at the election," said Mr. Logan.

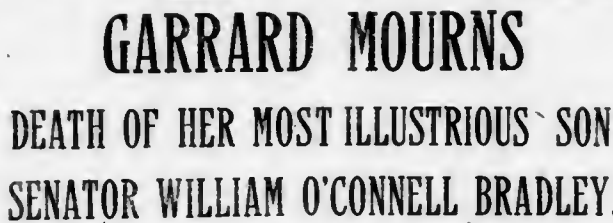

"The man appointed by the Governor to fill the vacancy caused by Senator Bradley's death will hold the office until his successor is elected in November."

Mr. Logan also said that Senator Bradley died seventy days before the primary, and that a candidate for the short term from the November election until March 4, 1915, must be nominated at the August primary. Had Senator Bradley lingered until after midnight Saturday night, it would have been different. He died May 23, leaving on that day, there remain eight days, May, thirty in June and thirty-one in July, and, adding the primary duty August 1 makes exactly seventy days.

The same result, of course, is obtained by counting May 23, the day Senator Bradley died, and leaving out the primary date."

Much speculation is rife as to who will be appointed by the Governor to serve until an election can be held. Among those most prominently mentioned, J. N. Camden of Versailles seems to be the most popular, but the name of J. N. Kehoe of Maysville, Charles Wheeler of Paducah, Judge James Black, of Barbourville, A. Gathright of Williamsburg and many others are being prominently mentioned in connection with the appointment. One rumor goes to the effect that Gov. McCreary would have the Lieutenant Governor appoint him to fill the vacancy, but Gov. McCreary quickly put a quietus on this talk by stating that under no circumstances would he be a party to such a scheme.

Mrs. Fiske, has during the past two seasons given her genius to serious plays and now that she is returning for a short season to comedy, in which she has no American equal, there should be great public delight. notwithstanding the general appreciation that has been elicited by her deeper dramatic demonstrations. Her present incursions into lighter fields is with "Mr. Bumsted-Leigh," which has brought such a laughter producing element to her repertoire on several former occasions. She will bring this happy carefree play to the Ben Ah Lexington K on Monday June 1st. One does not readily picture Mrs. Fiske as an exponent of a grateously ludicrous "type," but no one is proof against her inimitable delineation of the Indian nostrum manufacturer's daughter who buys a social position with the dollars of which he departed this vale possessed. In this most amusing role Mrs. Fiske again displays that versatility in art that is her wonderful gift. Seats on sale Friday May 19th 50c-50c. Prompt attention given to mail orders.

United States Senator William O'Connell Bradley died at his apartments in Faulkstone Park Courts, Washington, D. C. at 9:45 o'clock Saturday night May 23d, his death being due to uremic poisoning resulting from a complication of diseases. About ten days previous to his death Senator Bradley while running in an effort to catch a street car, suffered a fall causing a fracture of two fingers and a slight wound in his forehead. He had however apparently recovered from the effects of the fall and was able to appear at his office on Monday the 18th, but shortly afterward he was taken violently ill and it was thought that he was suffering from an attack of acute indigestion, but it was afterward discovered that the passage of gall stones was causing the intense pain which he bore with the greatest fortitude. Physicians did everything to relieve him within the knowledge of medical skill, and succeeded in affording him temporary relief but it was known from the very incipency of the attack that there was grave danger, and his relatives were communicated with, and his daughter Mrs. John G. South and her husband of Frankfort hastened to his bedside and were with him when the end came. All that loving kindness of relatives and friends could be was done to alleviate his suffering and restore him to health, but they were unavailing, and the brave soul took his flight, forsaking the frail body that had endured and suffered so much.

Accompanied by members of both house of Congress, his recent colleagues, the body borne upon a special funeral train left Washington on Monday afternoon, reaching Frankfort at 9:30 Tuesday morning, and was immediately taken to the home of his son-in-law, Dr. South, where the funeral services were held at 3:30 o'clock Tuesday afternoon.

Because his daughter, Mrs. South, who was prostrated with grief, and because the Senator himself disliked ostentation—had declined a senatorial funeral in Washington and the proposal made that his body should lie in state here in the old Capitol, where for four years he had presided as Chief Magistrate, there was no intrusion on the arrangements made at the family's request; but despite the lack of display, the public at last claimed him, and devoid of the pomp of ceremony his funeral rites by the very multitude assembled became a mighty demonstration of respect.

It was the most distinguished gathering attending the burial of a public man in Frankfort in many years, and thousands viewed the cortege as it passed to the cemetery, while as many more had secured places of advantage to see the cortege arrive. Every available public vehicle in Frankfort and Lexington and many private conveyances were engaged to carry the visitors, who came from Washington and all sections of the State to pay their respects to the memory of the late Senator. Grouped along the route and in the cemetery were hundreds of negroes, indicating that the race which had followed him in life revered his memory in death.

Gov. McCrary closed the executive offices at noon and all other state officials followed his example.

Flags on the Capitol and State Arsenal were hung at half-mast, all business houses closed at noon, as did the city and county office, and as the cortege left the South home a big gun on Arsenal Hill fired seventeen guns.

The Rev. Dr. Jess R. Zeigler, pastor of the First Presbyterian church, who was summoned home from the general assembly in Chicago, read the burial services at the house. Dr. Zeigler offered prayer and read passages from the Twenty-third Psalm and John xiv., and the choir of the Presbyterian church sang "There Is a Light in the Valley for Me" and "Abide With Me."

The casket rested in the drawing room, covered with a blanket of palms, roses and lilies. Seated in the hall were the pallbearers and in the room

The drought is beginning to make itself felt and is working a hardship on vegetation. Gardens are the most serious sufferers at present, though if we do not have rain in the near future, all kinds of growing crops will suffer. A rain in the near future is necessary to a good berry crop. The streams are also beginning to show the effect of the continued dry weather.

The teachers in the local school have departed for their respective homes and the well wishes for a long and pleasant holiday follows them, and their many friends in Lancaster hope that they may enjoy to the uttermost their well earned rest. Miss Dear goes to her home in Warsaw. Miss Robinson is in Campbellsville, Misses Noland and Mason in Richmond and Miss Barshear in Cynthiana.

Mrs. John C. South, Senator Bradley's daughter, speaks gratefully of Senator James, for his kindness to her father during his illness, in the following language: "I am deeply touched by the generous attitude of Senator James. Although he and my father differed politically, none could be kinder, more sympathetic, more dignified than he in doing honor to Senator Bradley. He was at my father's deathbed; and since that time he has devoted his waking hours to making the necessary arrangements. All our families are under a great debt to him and cannot thank him too much."

Manager Romans is putting on some splendid attractions at the Opera House which should receive the liberal support of the theater going public. To-night will be seen a Vitaphone production "Lost In Mid Ocean" which will portray the sinking of a big ocean liner and will be well worth seeing. The house is very comfortable with good seats and electric fans, and an hour may be very pleasantly passed there.

WORKING IN UNISON
And Good Results Expected.

The Board of Mediators now in session at Niagara Falls Ont. are working harmoniously toward an adjustment of the differences between this country and Mexico and are also expecting a perfect a plan for a pacific and satisfactory adjustment of the badly mixed

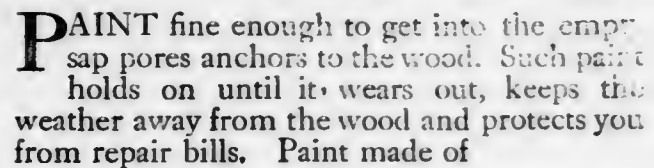

affairs of the rebellion ridden republic. It is understood that they will take the matter of the personnel of a provisional government for that country, but the names will not be made public until an actual change is made. It is understood that Dictator Huerta is in accord with what has been accomplished up to this time. Nothing has yet been heard from Gen. Carranza, and it is believed that he will remain silent until a protocol is actually drawn and ready for signature by the United States and Mexico, when he will select a representative to either protest or acquiesce in its terms.

The outlook now is for a speedy and satisfactory settlement of the affair in a manner which will meet with the approval of all interested.

TO MARENGO CAVE

TO BE RUN
By Southern Railway May 31st.

The Southern Railway Co. will run an excursion from Danville Ky. to Marengo Ind., on May 31st, next. Sunday the train will leave Danville at 5:26 a. m. reaching Marengo at 10:12, a. m. leaving Marengo 4:30, p. m. arriving Danville 6:35 p. m. The fare for the round trip will be only \$2.00. The object of the excursion is to enable visitors to see one of nature's wonders, a cavern second only in magnificence to our own Mammoth Cave. The cavern is situated within the limits of the city of Marengo, which is thirty seven miles west of Louisville in Marengo county Ind. The cavern is about four and one half miles in length and takes about two and one half hours to traverse it. Unlike the Mammoth Cave, it is perfectly dry, and it is not necessary to effect a change of clothing before and after entering it. The wonderful work of nature baffles description and must be seen to be appreciated, and this is a splendid opportunity for people in this vicinity who desire to do so to see it at nominal expense.

Miss Jennie Cox was the guest of Miss Leota Ray at Buckeye on Sunday.

Miss Walsh of Covington, formerly connected with the local school in the capacity of music teacher, is the guest of Mr. and Mrs. Alex Walker.

The editor has received an invitation to be present at the commencement exercises of Berea College, Wednesday June 3rd. We note among the graduates, our young friend, William Jesse Baird, he also being the President of his class.

ATTEND INSTITUTE WEEK OF JULY 6TH. Or Lose Certificate.

The Garrard County Teachers Institute will be held in Lancaster during the week of July 6th, and all teachers employed or expecting to teach in Garrard county are compelled to attend under penalty of losing their certificates. This is made imperative by the state authorities and the county superintendent has no choice in the matter. The tri-county institute was not held this year because of the fact that one of the counties thought it best to hold their institute at home, and the others were of course compelled to do likewise.

DALTON RICH SERIOUSLY ILL.

Dalton Rich, son of Mr. and Mrs. J. D. Rich is seriously ill at the home of his parents on the Fall Lick pike and his host of friends are very apprehensive about the outcome of his illness.

Complications have arisen as the result of a recent attack of fever, and on last Sunday Drs. Tautie and McKee of Lexington were called in consultation with local physicians as to his case.

Miss Terry a trained nurse of Richmond is in attendance at his bedside. Dalton is well remembered as a student at the local high school, and was one of the most prominent athletes of his class. He has innumerable friends in Lancaster who are hoping for his early recovery.

PARTAKE OF THE HOSPITALITY OF Eastern Kentucky,

Judge Lewis L. Walker representing the Citizens National Bank and Mr. J. W. Elmore, cashier of the Garrard Bank & Trust Co., delegates to "group 8" Kentucky Bankers Association, which was the guest of "group XI" of the Association in Pineville last week, are high in their praise of the reception tendered them while in that city. They say too much credit cannot be given Messrs C. W. Metcalf, D. H. Logan, J. P. Gaudin, and Humley Gaudin for the hospitable manner in which they performed their duties. They were shown all the sights in and around Pineville, special trains being placed at their disposal for the purpose of visiting the various points of interest, and they were entertained in the most lavish manner during their stay. Mr. Elmore was elected president of "group 8" for the ensuing year.

HORRIBLE CRIME IN DANVILLE HEAD OF YOUNG GIRL ALMOST SEVERED FROM BODY.

Miss Zelma Young the thirteen year old daughter of Mr. and Mrs. Thomas Young was brutally murdered at the home of her parents in west Danville at an early hour last Saturday morning, and as yet the officers have been unable to secure any clue to either the identity or whereabouts of the murderer. The citizens of the community have made up a large reward by private subscription for the arrest of the murderer, and this has been supplemented by the offer \$400, reward by Gov. McCreary.

The child returned from church and retired about ten o'clock and about an hour afterward her parents hearing a noise as if she were vomiting entered the room where she was sleeping, adjacent to their own, calling her name and receiving no response, they lighted a lamp and were horrified to find the little girl with her throat cut from ear to ear, her head being almost severed from her body, and a razor, the cruel instrument with which the deed had been perpetrated, by her side. The blade of the razor was nicked where it had come in contact with the bones of her neck.

According to the Danville papers, the family, though in humble circumstances, is highly respectable, one of the brothers carrying the mail from the depot to the postoffice. No reason can be assigned for the terrible deed as no robbery was committed and the child was not known to have any enemies. Danville is in a fever of excitement over the cruel deed, and about the murderer he captured he would doubtless be summarily dealt with.

SCHOOL NOTES.

(By Wm. F. Miller.)

Prof. Bridges and son, D. Warren, came down from Richmond Thursday and attended the graduating exercises at the Auditorium.

Mrs. Alex Walker, Mrs. Caneer and Miss Walsh, were visitors at our school Thursday morning. Miss Walsh favored the school by giving two of her favorite pieces on the piano.

The four ministers, Beagle, Politt, Tindler and Smith were welcome guests at our school Thursday morning and each gave a short talk, which was enjoyed by the entire school.

The Oratorical Contest given by Messrs Bradley Bourne, Jr., Allen Johnson, Sonhomore and Owen Hendren, Freshman, was greatly enjoyed by a full house. Capt Herndon and Mr. Clay Sutton were the Judges and awarded the \$5. in gold to Mr. Bourne.

Miss Daniels offered two prizes in January to be given to the boy or girl that made the most improvement in Voice or Piano Recital. These prizes were awarded to Misses Coffman and Politt, Friday night. Miss Coffman winning the voice and Miss Politt the piano medal.

The Reception given Friday night by the Seniors at the School Building, was enjoyed by all who were present. The Halls were artistically decorated in the Class Colors, Purple and Gold. The Club Room was also decorated in the Class Colors, in this room which is receiving fine composed of the Seniors.

At the mid-night hour refreshments were served after which all departed for their respective homes. This reception will long be remembered.

There were fourteen graduates who received diplomas Thursday night. They were Misses Bernice Lear, Patsy Anderson, Patsy Anderson, Elizabeth Walker, Elize Todd, Emma Walker, Mary Holtzclaw and Marie Rathner, Messrs Ector Lawson, Billy Swager, Carl H. Acton, H. W. Givens Jr., Robert Thompson Jr., and Lucian Grant.

The Auditorium was beautifully decorated in form, flags and bunting in the Senior Class colors, purple and gold. The address was enjoyed, very much, given by Dr. McMurry of Louisville.

Typical Scene at a Redpath Chautauqua

The above photograph shows a typical scene at a Redpath Chautauqua. The past year's growth of the Chautauqua movement in the United States has been little less than 100 per cent. The movement is now under Redpath management. There are now 1,500 Redpath Chautauques in operation throughout the country. The army of people now employed in all the different stages of the movement dates back to 1872.

Comments of World-Famous Men on the Chautauqua

Keep in Mind that Our City Is to Have a Great Five-Day Chautauqua Program This Season

Hon. Theodore Roosevelt, Ex-President of the United States, says:
"The chautauqua is the most distinctively American thing in this country."

Hon. William Jennings Bryan, Secretary of State, says:
"The chautauqua affords one of the best opportunities now presented the public speaker for the discussion of questions of interest to the people. The audience is a select one and always composed of the thoughtful element of the community, and as they pay admission they stay to hear. I believe that a considerable part of the progress that is now being made along the line of moral and political reform is traceable to the influence of the chautauqua."

Dr. Frank W. Gunsaulus, the World's Greatest Teacher and President of Armour Institute of Technology, says:

"The chautauquas have become a great people's university. They are among the most-est feeders for our colleges and universities. He further states that 90 per cent of the students in the institution of which he is president, Armour Institute, owe their presence to the chautauqua influence."

Hon. Champ Clark, Speaker of the National House of Representatives, says:

"A great many newspaper wits shoot their shafts at chautauqua lecturers, and certain purse-proud editors undertake to make it a sin for a public man to lecture for pay. They think it the height of sarcasm to refer to a public man as a chautauquan. There is one great virtue in chautauqua money. It is clean money. You do not have to explain where you got it. If a man does not desire to go to hear a lecture, there is no law to compel him to do so. . . . The chautauqua has been a powerful force in directing the political thought of the country, which is largely sociological in these latter days. . . . I defend the chautauqua and the chautauqua lecturer, with whom I have been associated, because they constitute as fine a group of men and women as can be found among the splendid citizenship of America. I have a deep and abiding interest in them, and bid them a hearty godspeed in their work."—From The Arena.

Some Things to Be Remembered In Fighting the Fly.

KEEP the flies away from the sick, especially those ill with contagious diseases. Kill every fly that strays into the sickroom. His body is covered with disease germs. Do not allow decaying material of any sort to accumulate on or near your premises. All refuse which tends in any way to fermentation, such as bedding straw, paper waste and vegetable matter, should be disposed of or covered with lime or kerosene oil.

Screen all food, especially milk. Keep all receptacles for garbage carefully covered and the cans cleaned or sprinkled with oil or lime.

See that your sewage system is in good order; that it does not leak, is up to date and not exposed to flies.

Four kerosene oil into drains.

Cover food after a meal.

Screen all food exposed for sale.

Screen all windows and doors, especially the kitchen and dining room.

Burn pyrethrum powder in the house to kill the flies.

Don't forget if you see flies their breeding place is in nearby filth. It may be behind the door, under the table or in the cuspidor.

If there is no dirt or filth there will be no flies.

If there is a nuisance in the neighborhood write at once to the health department.

Cleanliness Kills Flies.

HOW do flies live through the winter? A few lazy, foggy flies can be found half dead, but still living, around chimneys and warm places in the house or stable. They will come to life just as soon as the boys begin playing marbles.

If no garbage or filth were to be found the female flies would die and the stock might be lost.

We must keep things clean to keep flies from breeding. When they have come we can catch them with fly paper or fly traps or kill them with fly poison. We can keep them out of the house by keeping the windows and doors screened.

They crawl into the sugar, the milk and the bread. They have just been crawling into other places. They get typhoid germs and give you typhoid. They get consumption and spread it.

SWAT THE FLY

Without the support of a united and aggressive public sentiment sanitary laws will avail but little in the conservation of public health—a good reason why you should become an active worker in the anti-fly crusade. There's room for everybody in the ranks of the army of disease fighters, and the war is on.

SWAT THE FLY

Where Disease Lurks.

THE fly has long, feathery antennae used in gathering minute particles of food. In these and the stiff hairs on the body lurk the disease germs that the house fly spreads everywhere he goes.

"THE MAN FROM HOME"
At Our Forthcoming Chautauqua

WELLS WATSON GINN.

THE four act play, "The Man From Home," by Booth Tarkington and Harry Leon Wilson, is to be presented here at the Chautauqua by Wells Watson Ginn. In a personal letter Mr. Tarkington expresses pleasure at being privileged to hear his story enacted by Mr. Ginn.

"I am greatly your debtor for your impersonation of 'The Man From Home,'" writes Mr. Tarkington. "One feels the whole play growing into tangible existence as you enact it. The characters live and walk before the auditor, and by some rarely concealed and subtle art of your own I seemed to be looking at a crowded stage and not at one man. I have seen the play presented in rehearsal and after probably over a hundred times, and I have myself read it aloud since its inception over and over. If you could hold me spellbound, as you did, what couldn't you do to an audience?"

Fine reports regarding Mr. Ginn's work have come from all parts of the country.

Chautauqua Lecturer Who Has Studied Labor Problems In the Laboratories of Living Men

REV. GEORGE L. McNUTT.

GEORGE L. McNUTT, the "dinner pail man," who is to lecture at our Chautauqua on "Culture and Democracy," has been upon the platform for years, and few men have had more return dates than he. As Governor Hoch of Kansas says, "He has a big brain, a big heart and a big message." Mr. McNutt was a farmer boy, Hoosier born, from Douglas county, Ill. A student for a year at Princeton university, a graduate of Wabash college, he became a Presbyterian preacher at Urbana, Ill. To the west of the church was the University of Illinois, with its army of students; to the east the shops of the Big Four railroad, with its 500 dinner pail men. Thus from the first the preacher was confronted with the practical relations of culture and democracy. After preaching fifteen years in Urbana, Indianapolis, New York city and the far west Mr. McNutt entered the University of Hard Knocks to study first hand social and economic questions. Beginning as a roustabout in an iron mill, the preacher worked incog. through Indiana, Ohio, Pennsylvania, Maryland, New York, Boston and through New England up to Maine. For seven years the man from the pulpit, with his wife and boys, lived the life of the unskilled day laborer's family, studying the problems and conditions of the laboring people in the laboratories of living men. Mr. McNutt's lecture here will be one of the features of the Chautauqua.

Coming to Our Chautauqua

KIRK TOWNS, BARITONE SOLOIST.

KIRK TOWNS, widely-known baritone, has achieved success as a concert artist and teacher, both in Europe and America. In all he spent eleven years' sojourn in the European capitals. After returning to this country he became a member of the vocal faculty of the Chicago Musical College.

Mr. Towns' early training under such masters of the vocal art as George Sweet of New York, Bouhy and Leroux of Paris, George Fergusson and Otto Lessman of Berlin and Francesco Mottino of Milan gave him foundation work of the very soundest and best.

Signor E. Forcellati Dante to Direct His Band Here During One Day of Our Chautauqua

SIGNOR E. FORCELLATI DANTE.

ONE of the big features of the Chautauqua here will be the appearance of Signor E. Forcellati Dante and his Italian band on one day of the program.

Signor Dante was a student in the Conservatory of Naples at the age of seven and graduated from that college at the age of seventeen. Ten years later he became leader of his band. He is also a trombone soloist of unusual ability.
